## Mains Supply Sets 24V low voltage

With versatility and safety at the heart of the design concept these sets were specifically designed for the professional decorator. Features include extra low voltage for indoor and outdoor displays, long distance cabling from the transformer to the first bulb (10 meters for 300 & 480 sets) for maximum applications, super bright concave bulbs for improved illumination. Selected mains supply sets come with a 8 function controller. Available in 40 - 480 lights in clear or green wire.

## Mains Supply sets:

### Clear Wire sets:

**Item Code:** 220285

**Description:** 40 Static LED Lights Clear Wire  
**Barcode:** 5060161220285
